

360 selfie group photo with the artist

360 camera
(artist's image is added in the software)

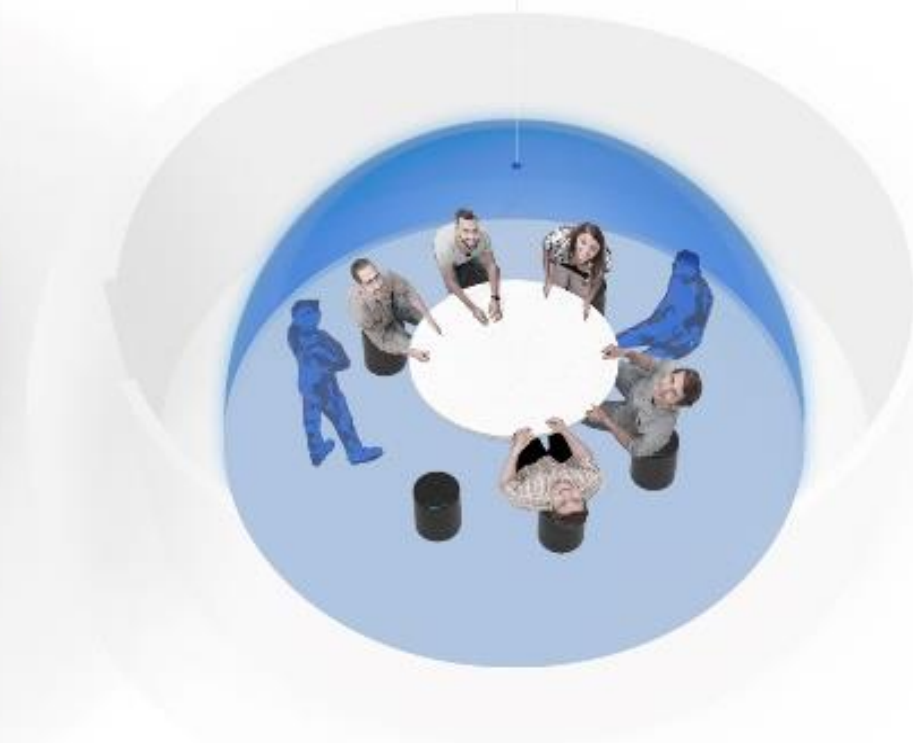

360 selfie set-up

Physical set-up round table, chairs, green background

Visitors sit on stools at a round table. A green background is needed in order to allow the automatic removal of the background.

Digital background, artist hologram added automatically

The real background is automatically replaced with a digital image that contains the hologram of the artist as well as the drawings background.

Roundme

VR headset

Sharing and viewing 360 IMAGES

Viewing 360 panoramic images is easy and can already be done on social media, dedicated 360 panorama sites, on a dedicated museum page or with a VR headset.
